Western Pacific Has Taken Lands Legally

Such Is the Contention of Mr. Yard in Response to Charges of Californians.

SAN FRANCISCO, June 14 -- The Examiner says today: State Mineralogist L. E. Aubrey charged that thousands of acres of valuable land in Butte, Plumas and Siskiyou counties have been secured illegally, and he has placed information in support of his charges in the hands of the special prosecutor for the Government in the Oregon land fraud cases. Specifically, the State mineralogist alleges that H. H. Yard, who represents the Western Pacific railroad in the matter of securing right-of-way, and T. B. Walker, the millionaire lumberman of Minneseta, have both illegally filed on lands located in the northern counties.

It is the contention of Aubrey that thousands of acres filed upon as mineral lands are non-mineral in character. The State mineralogist has made a report upon the operations of Yard to the Department of the Interior.

H. H. Yard, who has offices in this city, admits that he and his associates have secured 100,600 acres of mineral land in Butte and Plumas counties. He contends that all these lands have been legitimately secured and are mineral in character. illegally, and he has placed information

McAllister was asked questions concerning the business affairs of his company and was served with a subpoena requiring him to produce papers and contracts covering the export business of the American Tobacco company. Upon the advice of his counsel he not only declined to answer the questions, but to produce the papers asked for, taking the ground that he was protected by his constitutional rights.

McAllister then was taken before United States Commissioner Shields where he furnished \$10,000 for his appearance. The higher court will be asked to pass upon the constitutionality of the points at issue, which really involves the right of the Federal grand jury to conduct its investigation under the Sherman anti-trust law.
